

# U-MULTIRANK 2021

Latvian Universities in Global Comparison

## U-MULTIRANK 2021

U-Multirank is a unique, multi-dimensional and international ranking of higher education institutions. It compares university performance across teaching and learning, research, knowledge transfer, international orientation and regional engagement. It is the largest and most inclusive ranking showcasing the diversity in higher education around the world. It is not a league table and does not use composite indicators, nor reputation weights. Therefore, there is no one best university in U-Multirank. The performance of a university is presented with individual scores – graded from 'A' (very good) to 'E' (weak) across the different areas.

U-Multirank's 2021 edition presents data on 21 Latvian higher education institutions. For the full list of all universities from Latvia included in U-Multirank, please visit our [website](#).

## AT A GLANCE: HOW DO LATVIAN UNIVERSITIES FARE IN U-MULTIRANK?

- In 2021, U-Multirank includes 21 higher education institutions from Latvia.
- In a global perspective, Latvian institutions perform well in the dimensions International Orientation and in Regional Engagement.
- The Latvian institutions with the highest number of top positions ('A' scores) are Riga Technical University (13), Rezekne Academy of Technologies (10) and BA School of Business and Finance (10).
- In four indicators, Latvian institutions are among the global 'Top 25 Performers': Riga Technical University and Riga Stradins University in Open Access Publications, Latvian Maritime Academy and Rezekne Academy of Technologies in Student Mobility, University of Latvia in Co-Publications with Industrial Partners, and Daugavpils University in our new Collaboration Index.

## WHICH ARE THE TOP PERFORMING UNIVERSITIES IN LATVIA?

Riga Technical University received the highest number of 'A' (very good) scores on the institutional level for Latvia in 2021.

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country.

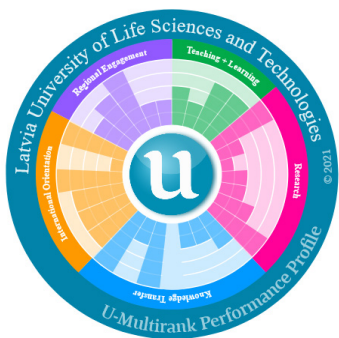

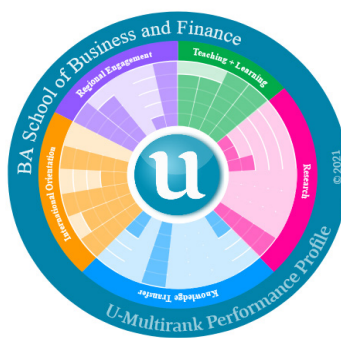

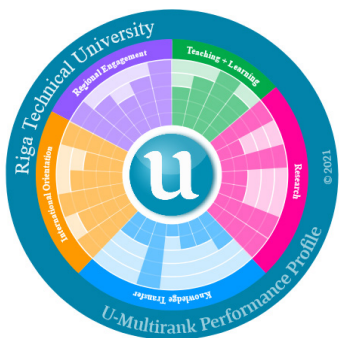

Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Latvian universities with the highest number of overall top scores in 2021	Total 'A' scores 2021	Total 'A' scores 2020

<a href="#">BA School of Business and Finance</a>	10 ↑	6
<a href="#">Rezekne Academy of Technologies</a>	10 ↑	9
<a href="#">Daugavpils University</a>	9 ↑	7
<a href="#">Latvia University of Life Sciences and Technologies</a>	9 ↑	7
<a href="#">Latvian Christian Academy</a>	9 ↑	7
<a href="#">Riga Stradins University</a>	9 ↑	7

The list includes different profiles of institutions: comprehensive universities, as well as business schools and technical universities.

# WHAT ARE THE PERFORMANCE PROFILES OF LATVIA'S TOP SCORING UNIVERSITIES?

Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).

## U-MULTIRANK PRESENTS SUNBURSTS

A large sunburst chart for Riga Stradins University, with the 29 indicators numbered 1 through 29. The chart shows the relative performance of each indicator across the five categories.

## TOP 25 \* PERFORMING UNIVERSITIES IN STUDENT MOBILITY

By U-Multirank

In this list we present the U-Multirank 2021 top performers on the indicator 'student mobility'. Having an international student body and offering students the opportunity to study part of their degree-programme abroad is an indication of the international orientation of a university. In order to provide a full picture of mobility and international exchange U-Multirank takes into account both incoming and outgoing mobility.

# HOW DO LATVIAN UNIVERSITIES PERFORM GLOBALLY?

Latvian higher education institutions perform strongest in U-Multirank's International Orientation dimension.

## Above or below average?

In this section we highlight the overall performance of Latvian universities on the institutional level per U-Multirank dimension.

The below table shows the national breakdown of Latvian universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

## DETAILED RESULTS

If you want to analyse further the performance of the universities in your country you can click the following links.

The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data.

If you're interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at [info@umultirank.org](mailto:info@umultirank.org). These links are also accessible via your country's 'Study in' page.

## WHAT IS U-MULTIRANK?

U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

(1) teaching and learning, (2) research, (3) knowledge transfer, (4) international orientation and (5) regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University and Fundacion CYD. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.
