

# U-MULTIRANK 2021

Turkish Universities in Global Comparison

## U-MULTIRANK 2021

U-Multirank is a unique, multi-dimensional and international ranking of higher education institutions. It compares university performance across teaching and learning, research, knowledge transfer, international orientation and regional engagement. It is the largest and most inclusive ranking showcasing the diversity in higher education around the world. It is not a league table and does not use composite indicators, nor reputation weights. Therefore, there is no one best university in U-Multirank. The performance of a university is presented with individual scores – graded from 'A' (very good) to 'E' (weak) across the different areas.

U-Multirank's 2021 edition presents data on 38 Turkish higher education institutions. For the full list of all universities from Turkey included in U-Multirank, please visit our [website](#).

## AT A GLANCE: HOW DO TURKISH UNIVERSITIES FARE IN U-MULTIRANK?

- In 2021, U-Multirank covers 38 higher education institutions from Turkey.
- In a global perspective, Turkish higher education institutions are strongest in the Regional Engagement dimension.
- Three Turkish universities score at least ten top group positions ('A' score): Özyegin University (17), Middle East Technical University (12) and Yeditepe University (10).
- Özyegin University scored its 'A' score predominantly in Knowledge Transfer (6) and International Orientation (5).

## WHICH ARE THE TOP PERFORMING UNIVERSITIES IN TURKEY?

Özyegin University received the highest number of 'A' (very good) scores on the institutional level for Turkey in 2021.

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country.

Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Turkish universities with the highest number of overall top scores in 2021	Total 'A' scores 2021	Total 'A' scores 2020

<a href="#">Middle East Technical University</a>	12 ↑	9
<a href="#">Yeditepe University</a>	10 ↑	5
<a href="#">Abdullah Gül University (AGU)</a>	9 ↑	6
<a href="#">Izmir Institute of Technology</a>	9 ↑	7

The list includes different profiles of institutions: comprehensive universities, as well as business schools and technical universities.

# WHAT ARE THE PERFORMANCE PROFILES OF TURKEY'S TOP SCORING UNIVERSITIES?

Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).

# HOW DO TURKISH UNIVERSITIES PERFORM GLOBALLY?

Turkish higher education institutions perform strongest in U-Multirank's Regional Engagement dimension.

## Above or below average?

In this section we highlight the overall performance of Turkish universities on the institutional level per U-Multirank dimension.

The below table shows the national breakdown of Turkish universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

## WHAT IS U-MULTIRANK?

U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

(1) teaching and learning, (2) research, (3) knowledge transfer, (4) international orientation and (5) regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University and Fundacion CYD. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.
